

The New World of Data

25. september - Wihlborgs Konferencenter, Ballerup

08:30 - 08:45	Registrering og morgenmad
08:45 - 09:00	Velkomst og introduktion
09:00 - 09:45	Data-Centric Architecture Steve D'Amore, enterprise systems engineer, Pure Storage Johnny Dahlberg, principal system engineer, Pure Storage
09:45 - 10:10	Topdanmark Thomas Panduro Petersen, serviceejer - Infrastruktur IT Arkitektur og Drift, Topdanmark
10:15 - 10:30	Pause
10:30 - 10:55	Optimering af Virtual Desktops (VDI)
11:00 - 11:25	Backup-as-a-Service (BaaS) Preben Berg, CTO, CLOUDIO
11:30 - 11:50	Næste generations file-services Andy Hardy, EMEA Region vice president, Nasuni Markus Warg, senior sales engineer, Nasuni
11:50 - 12:15	Rambøll Morten Nis Madsen, System arkitekt, Rambøll Global IT
12:20 - 12:50	Tak for i dag og sandwich

08:30 - 08:45: Registrering og morgenmad

08:45 - 09:00: Velkomst og introduktion

v/ CLOUDIO

09:00 - 09:45: Data-Centric Architecture

Steve D'Amore
enterprise systems engineer
Pure Storage / Partner

Johnny Dahlberg
principal system engineer
Pure Storage / Partner

· *How to build and Data-Centric Architecture with shared accelerated storage to handle: The New World of Data.*

09:45 - 10:10: Topdanmark

Thomas Panduro Petersen
serviceejer - Infrastruktur IT Arkitektur og Drift
Topdanmark / Partner

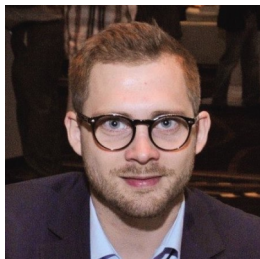

· *Topdanmarks forretningsmæssige, organisatoriske og tekniske overvejelser i forbindelse med ny it-infrastruktur*
· *Topdanmarks udbytte af den nye infrastruktur*

10:15 - 10:30: Pause

10:30 - 10:55: Optimering af Virtual Desktops (VDI)

· *Accelerate Virtual Desktops in the Data Center with NVIDIA.*
v/NVIDIA

11:00 - 11:25: Backup-as-a-Service (BaaS)

Preben Berg
CTO
CLOUDIO / Partner

· Backup og restore as-a-service. Af både on-premise, public cloud og SaaS applikationer som Office 365 m.fl.

11:30 - 11:50: Næste generations file-services

Andy Hardy
EMEA Region vice president
Nasuni / Partner

Markus Warg
senior sales engineer
Nasuni / Partner

Næste generations file-services infrastruktur:

- Primary File Storage (NAS)
- File Archiving and Retrieval
- Backup and Recovery
- Disaster Recovery (DR)
- Multi-Site File Access
- Global Collaboration
- Mobile File Access Centralized Management
- Integration til Azure og AWS

11:50 - 12:15: Rambøll

Morten Nis Madsen
System arkitekt
Rambøll Global IT / Partner

- *Rambølls forretningsmæssige, organisatoriske og tekniske overvejelser i forbindelse med ny it-frastruktur*
- *Rambølls udbytte af den nye infrastruktur*

12:20 - 12:50: Tak for i dag og sandwich
